Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner contacted attorney in response to a 35 U.S.C. 101 issue with the Specification (pp. 157-158, paragraph subtitled Alternative Embodiments) wherein the content contained language determined to suggest "carrier waves" as a tangible storage medium. Examiner suggested changes to make this paragraph of the Specification compliant under 35 U.S.C. 101. Attorney agreed to the corrections.
